

Story Writing- An unforgettable trip to Busan

Choy Yan Ting, Anna 6C (7) (2022-2023)

I travelled to Busan in Korea with my family during summer holiday. It was my graduation trip. Before the trip, I was really looking forward to it and we had a perfect plan. However, we did not carry out the plan.

On the second day of our trip, we visited the temple. The scenery was spectacular. The temple was near the cliff. The view was breathtaking. We took a lot of photos and enjoyed the amazing sea view. We walked around and spotted a tent restaurant. We decided to have lunch there. It was famous for the fresh seafood. So, my mum ordered a seafood stew and sashimi octopus. They were a bit spicy, but they were very delicious and crunchy. It was so delicious that we could not stop eating.

After finishing the tasty meal, we went shopping in night market. The stalls there were attractive. Suddenly, I did not feel well and got a terrible stomachache. I was as sick as a dog and threw up my lunch. I cried in pain. My mum was very worried about me.

Lastly, I went to a hospital and saw the doctor. He gave me some medicine and comforted us, "don't worry! You will be fine." Fortunately, I just needed to stay in the hospital for one night. I really appreciated that the doctor took care of me patiently. I sent a thank you card to him.

Although it was a painful experience, I learnt a lesson that we would never have meals in dirty restaurant. If I go on another trip, I will bring a travel pack of medicine in case I feel sick during travelling.
