

My Best Friend

My best friend is Doris. She is my schoolmate, but we are in different classes. She is in Class 4A, and I am in Class 4D. Both of us are thin, but she is taller than me. Doris's eyes are pretty small. My eyes are bigger than hers. Her mouth and ears are also smaller than mine.

She is brave, humorous and helpful. I also like to give someone a helping hand, but I am not as brave as her. We have different personalities. Doris likes running and playing badminton. So do I. We are in the same sports team. Doris runs as fast as a cheetah. She is the best athlete in our sports team.

Doris and I like different kinds of food. She likes noodles, but I like pizzas and rice balls. However, both of us have a sweet tooth.

Doris and I are so alike. We treasure each other very much.
